

## How to use targeted payment methods (updated 29 January 2020)

Targeted payment methods are personal and can only be used for paying for your personal single tickets, multi-admission and season wristbands. If you use a targeted payment method to purchase a multi-admission wristband, your name will be stored on the wristband. **Please be prepared to show proof of identity whenever you use a personal wristband.** If you need to show proof of identity, the turnstile will show a red cross and will not let you in. You will be able to use your wristband after showing your ID. Before an identity check, your wristband will remain locked and cannot be used. We comply with the current Tax Administration instructions in terms of accepting targeted payment methods.

You may use the following payment methods: ePassi, Eazybreak, Smartum Lunch and Exercise Vouchers, Smartum Pay and Smartum Visa, Virikeseteli vouchers, MyEdenred, Ticket Mind&Body card, Tyky-Kuntoseteli vouchers and Tyky-Online.

**ePassi:** You may also pay a part of the fee using ePassi and the rest in cash or by debit/credit card. ePassi payments are made using your phone number.

**Eazybreak:** You may also pay a part of the fee using Eazybreak and the rest in cash or by debit/credit card. Use the mobile app or a text message to specify the amount and the individual code of the location. Your payment will be verified by the staff.

**Smartum Lunch and Exercise Vouchers:** If the sum of your purchase is smaller than the value of your voucher, you will not be given any change. If the sum is larger, you will need to pay the remaining amount in cash or by debit/credit card.

**Smartum Pay:** You may also use the mobile app to pay a part of the fee and the rest in cash or by debit/credit card.

**Smartum Visa:** The entire amount will be charged to your card. If there is not enough money on your card, you may pay the remaining amount in cash or by debit/credit card.

**Virikeseteli vouchers:** If the sum of your purchase is smaller than the value of your voucher, you will not be given any change. If the sum is larger, you will need to pay the remaining amount in cash or by debit/credit card.

**MyEdenred:** You may also use the mobile app to pay a part of the fee and the rest in cash or by debit/credit card.

**Ticket Mind&Body:** The entire amount will be charged to your card. If there is not enough money on your card, you may pay the remaining amount in cash or by debit/credit card.

**Tyky-Kuntoseteli vouchers:** If the sum of your purchase is smaller than the value of your voucher, you will not be given any change. If the sum is larger, you will need to pay the remaining amount in cash or by debit/credit card.

**Tyky-Online:** You may also pay a part of the fee using Tyky-Online and the rest in cash or by debit/credit card. Payments are made using a customer ID.
